

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Tehama County Air Pollution Control District Board of Directors will hold a public hearing on Tuesday, January 10, 2012 at 10:30am., or as soon thereafter as may be heard, in the Board Chambers, 727 Oak Street, Red Bluff, California to consider an amendment to Regulation 2:11 D, Indirect Source Fee, to the Tehama County Air Pollution Control District Rules and Regulations.

The purpose of proposed Regulation 2:11 D to the Tehama County Air Pollution Control District Rules and Regulations is to reduce air emissions, specifically particulate matter and ozone precursors, from mobile sources (i.e., vehicles) associated with new single and multi-family dwellings, commercial and industrial structures, and similar indirect sources of emissions. Regulation 2:11 D established a fee structure for mitigation of air emissions for the residential and commercial/industrial/retail sectors, and provided for reductions in the fee for approved alternative emission mitigation measures. Regulation 2:11 D also established a process to use collected fees on projects within Tehama County that would reduce emissions of particulate matter and ozone precursors. The proposed amendment would delay the implementation date of the regulation until July 1, 2012, and make changes to the rule regarding increases to the fee amount.

Copies of the proposed rule are available for viewing by the public at the Air Pollution Control District office located at 1750 Walnut Street, Red Bluff, CA. The proposed rule and staff report are also available at the District's website www.tehcoapcd.net. Written views or comments may be submitted to the District office (1750 Walnut St, Red Bluff, CA 96080), attention Alan Abbs, Air Pollution Control Officer; or by calling (530) 527-3717 no later than January 6, 2012 at 5:00 p.m.; or may be delivered at or prior to the public hearing to the Tehama County Clerk of the Board of Supervisors, 633 Washington Street, Rm. 12, Red Bluff, CA.
