FOR IMMEDIATE RELEASE

CAL FIRE AND FUMASI RANCH PLAN RANGELAND BURN

RED BLUFF - The California Department of Forestry and Fire Protection (CAL FIRE) Tehama-Glenn Unit in conjunction with the Fumasi Ranch will conduct a 1,250 acre prescribed burn beginning Monday November 3, 2025, and ending Friday November 7, 2025, at the Fusami Ranch on Colyear Springs Rd. The control burn will be conducted weather permitting. Burning will start at approximately 10:00 a.m. and should be completed by 5:00 p.m. each day.

The Prescribed burn will:

- Promote natural regeneration
- Enhance wildlife habitat
- Protect watershed values
- Reduce overall vegetation to decrease the chance of catastrophic wildfire in the future

Project Description:

- Descriptive Location: Fumasi Ranch, Colyear Springs Rd. Southwest of Red Bluff
- Total Acreage: 1,250 Acres
- Planned Ignition Date: November 3-7, 2025
- Communities or Smoke Sensitive Areas: Rancho Tehama, Red Bank, Red Bluff

This Vegetation Management project was planned as part of broader strategic efforts to protect the local community and nearby natural resources. These plans are informed by community and local stakeholder input and serve as a collaborative effort with a range of cooperators throughout the course of the project. This project adds to significant work underway throughout the state and brings California one step closer towards meeting or exceeding state fuels reduction goals directed by the California Fire Plan and the [California Wildfire and Forest Resilience Action Plan](#).

To track the progress being made, both in your community and throughout California, please visit the CAL FIRE fuels reduction dashboard at <https://www.fire.ca.gov/what-we-do/natural-resource-management/fuels-reduction> and help share important preventing and preparedness information with your neighbors at readyforwildfire.org.
